TRANSFERRABLE DIGITAL ASSETS

MONETIZATION FREEDOM

PLAY TO OWN (FREE)

- Player does not need to spend money on Worlds Beyond ecosystem
- Player exchanges time & experience for ownership of digital assets and other NFTs
- Similar to Free To Play model in Web2

SKILL TO OWN (COMPETE)

- Player competes with other players on Worlds Beyond ecosystem for ownership of digital assets and other NFTs
- Might or might not involve spending money

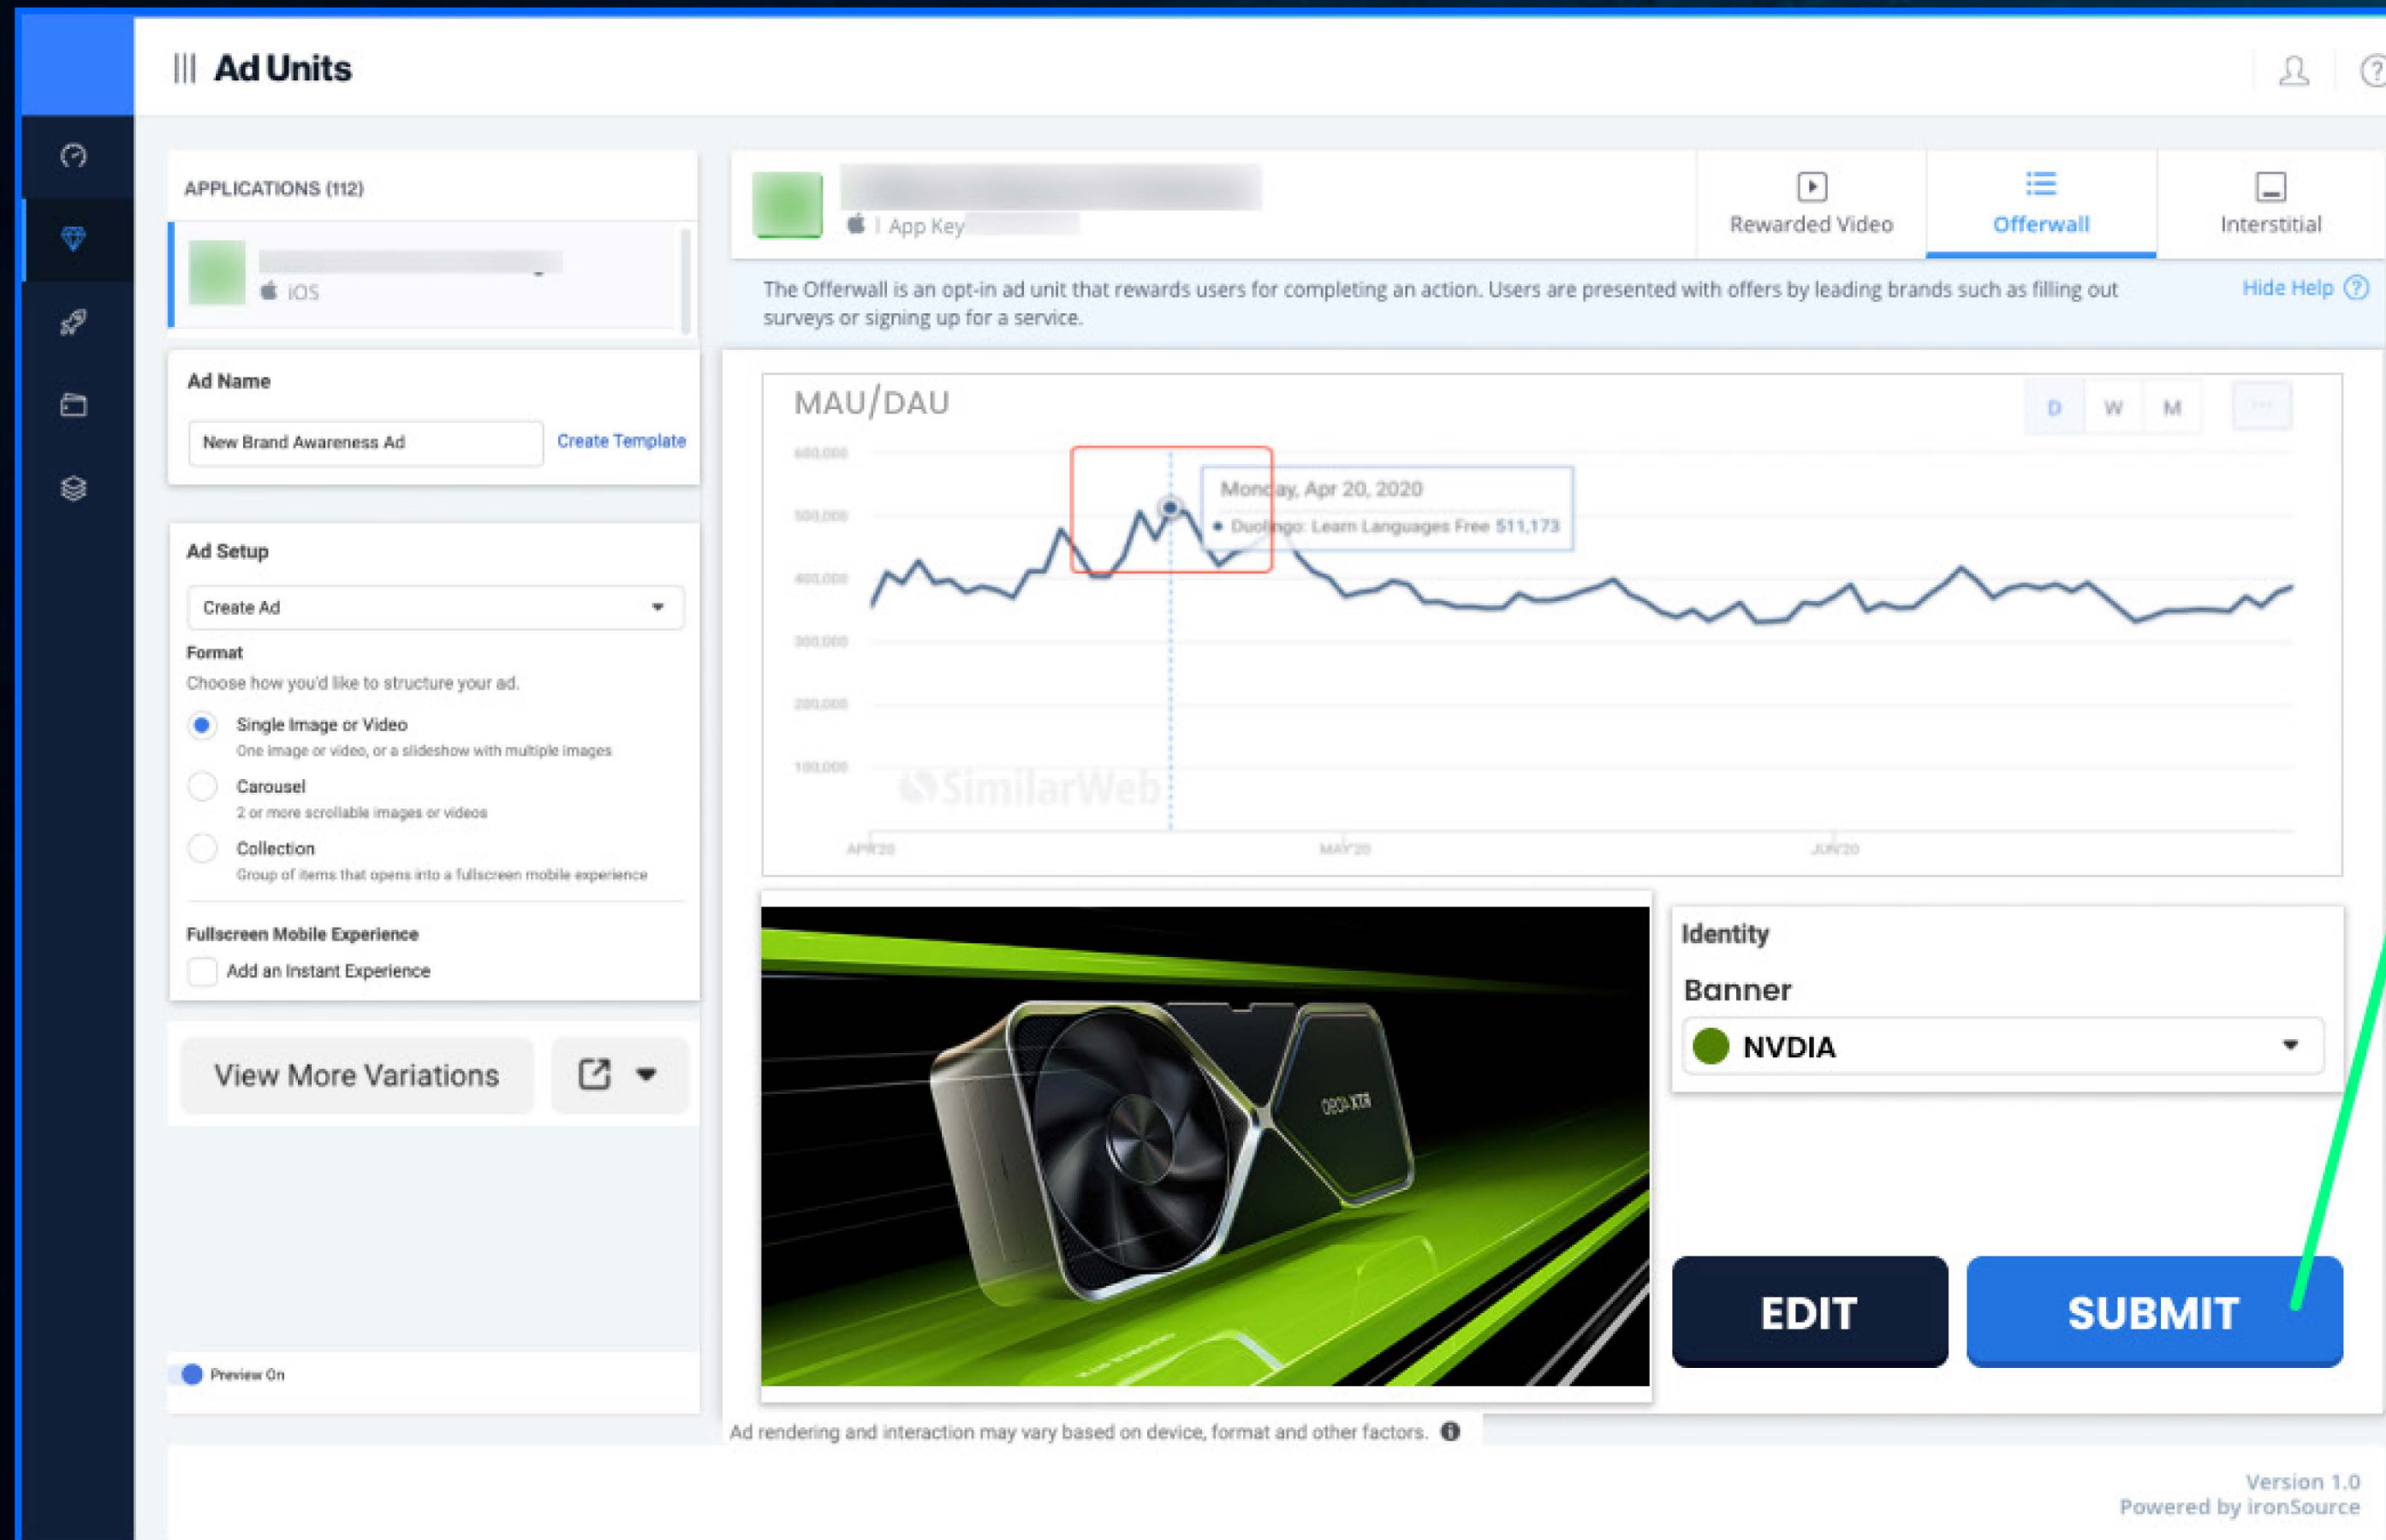

PAY TO OWN (PURCHASE)

- Player spends money to immediately acquire digital assets and other NFTs on Worlds Beyond ecosystem
- Similar to Pay To Win, In-game purchases in Web2

ANALYTICS & AD PLATFORM

Our World Analytics Platform Will Provide Data For Effective Metaverse Ad Placements

GO-TO-MARKET STRATEGY

01

Community-Centric Ownership (Q1 – Q2 2023)

Communities will receive priority support to build their custom experiences. These communities finance the development cost and will receive majority of revenue produced by these experiences.

02

Community Events Hosting (Q2 – Q3 2023)

Communities will host regular events and tournaments for their members. Hosting is automatically managed by Worlds Beyond multiplayer infrastructure.

03

Custom Branded Digital Assets (Q3 – Q4 2023)

Communities will be able to issue their own custom branded assets for their members. Communities finance the development cost and receive majority of revenue produced by these assets.

04

Developer Network Scaling (2024+)

Other developer studios & publishers/brands can develop more diverse experiences on a thriving player foundation. This increased diversity & quality will further fuel growth of our ecosystem.

05

Cross-Platform Scaling (Q3 2024)

Worlds Beyond experiences will also be available on web & mobile platforms. This is aim to further reduce friction & stimulate easier adoption by casual fans.

Current Total Revenue: 1.9 Million USD

STRATEGIC PARTNERSHIPS

GROWTH PROJECTION

PROJECTED REVENUE

REVENUE BREAKDOWN

Land sale: ~450,000 USD
(3500 lands, proof of concept)

Equity Private Sale: ~600,000 USD
(2% equity w/ token warrant to web3 investors)

Playable Character Creation & Integration: ~350,000 USD
(over 40 interested communities)

Custom Virtual Experience Development: ~500,000 USD
(over 20 interested communities)

Total Revenue: ~1,900,000 USD

FUNDS USAGE

Current Development Focus

1. Custom experiences for community projects
2. Completing creator platform & multiplayer solution for launch
3. Frictionless wallet solution
4. Smooth web2 player onboarding
5. Infrastructure for content creator marketing (virtual spaces & ad spaces)
6. Composable, collectible and tradeable NFT gunsmith system
7. AI-powered feature of "text to 3D model" with auto-optimization
8. Expansion & further optimization of existing digital asset library
